## Evidencing the Impact of Primary PE and Sport Premium

2016/17

Our aim is to achieve the following objective:

*To achieve self-sustaining improvement in the quality of PE and sport at St Thomas More School. We will achieve this by developing and or adding to the PE and sport activities that the school already offers and make improvements now that will benefit pupils joining the school in future years.*

We will be using the funding to:-

- Provide qualified sports coaches to work with teachers
- Provide existing staff with training or resources to help them teach PE and sport more effectively
- Introduce new sports or activities and encourage more pupils to take up sport
- Support and involve the least active children by running or extending school sports clubs, clubs and Change 4 Life clubs
- Embed competitive elements to curriculum PE
- Increase pupils' participation in the School Games.
- Continue the membership with North Oxfordshire School Sports partnership to continue links with other schools and clubs.

St Thomas More School has opted to continue to support the School Sports Partnership by allocating 50% of the funding to the North Oxfordshire Schools Sport Partnership ensuring that, with the exception of curriculum coaching, all festivals, competitions, CPD and resources will continue to operate next year. A detailed action plan of how we are going to spend the rest of the funding is available on the school website.

Our Change 4 Life programme continues this year allowing each class per term to enjoy Friday afternoon fun.

After our PE survey results from 2016 we were delighted to offer 3 new FREE clubs paid for by the funding-KS2 Netball, KS1 Football and R/KS1 Ballet. All three clubs were fully attended with waiting lists for children to join.

**THIS YEAR WE HAVE ACHIEVED THE SILVER KITEMARK FROM THE YOUTH SPORT TRUST AND SILVER AWARD FROM THE SAINSBURYS SCHOOL GAMES 2014/15**

### How we spent the funding 2016/17:-

#### **1. The engagement of all pupils in regular physical activity - kick-starting healthy active lifestyles.**

This year we decided to embed our Change 4 Life club into curriculum time. Every Friday afternoon throughout the year each class has 4 sessions. Funding was continued to be used to offer the children the opportunity to visit Hill End an Outdoor activities centre. We also purchased the Skip2b fit skipping resources to increase physically activity during change 4 life activities and during the school day. Case studies were used to monitor the effect the additional activities had on their physical activity.

Y4 children also attended a Change 4 Life Partnership festival.

Bike Ability and Award scheme also continued this year as part of our development of a healthy active lifestyle. Additional Teaching Assistant hours paid from the PE funding ensured the courses could be run for all our Y6 children. This year again we had a 100% success rate with all our Y6 children passing their Bike Ability training.

Sports Leadership training was completed by our Y6 children. Additional new playground equipment purchased from the PE funding developed our Playtime activities delivered by the Y6 children. 75% of Y1 and 82% of Y2 children were engaged throughout the year in lunchtime activities.

Every class was also allocated hall space for Active Maths/literacy and Topic lesson to again increase physical activity throughout the day.

## **2. The profile of PE and sport being raised across the school as a tool for whole school improvement.**

St Thomas more school recognises the impact specialist PE teaching and mentoring has on PE across the school with the PE action plan linked to the School development plan. We used some of our funding to support the school plan for developing the outdoor playground by contributing towards a new fitness trail. 96% of children were using the new trail and break times.

Opportunities for pupil premium and SEN children were supported by the offer of free after school clubs paid for from the Sports funding.

Funding was used to promote an annual “whole School Celebration of Sport Enrichment Day”.

This year we also used some funding to purchase a special cup “The Callum O’Dowda award for Sporting Excellence”. The cup presented by Callum himself (Ex pupil and Oxford United and Republic of Ireland football player) We wanted to raise the awareness of PE throughout the school and to our wider community.

The school website and newsletters reflect the profile of PE at St Thomas More School.

## **3. Increased confidence, knowledge and skills of all staff in teaching PE and sport**

St Thomas More school has opted to continue to support the School Sports Partnership by allocating 50% of the funding to the North Oxfordshire Schools Sport Partnership ensuring that, with the exception of curriculum coaching, all festivals, competitions, CPD and resources will continue to operate next year Youth Sport Trust training -developing PE in school; PE coordinators training; developing playtime activities.

The PE Coordinator completed training in differentiation in PE, The Power of an Active School, Top Sport workshop, Top Athletics workshop, Skip2B fit and BMX Bike workshops.

## **4. Broader experience of a range of sports and activities offered to all pupils.**

Funding was used to purchase equipment to introduce dodgeball, table tennis and skipping throughout the school and following on from the Paralympics new inclusive equipment was purchased to introduce the children to sports such as Goalball and Boccia and Seated Volleyball.

The children in KS1 and 2 were given the opportunity to enjoy a fun badminton taster session today, delivered by Badminton England, who are beginning a local badminton club in Kidlington. Funding was used to increase the Badminton equipment in school to be able to offer the sport in curriculum lesson and beginning in 2017 a new Badminton club.

Y6 were invited to The Kidlington Forum Table Tennis Club for an afternoon of coaching and fun. We have also used some of the funding to resource our table tennis equipment for our club.

The Sports funding enabled us to introduce Top-Up swimming for our Y6 children who had not reached the statutory requirement 25m. 10 non-swimmers in Y5/6 attended 6 sessions of swimming in summer term. 70% of the swimmers achieved 25m after Top-Up Swimming.

## **5. Increased participation in competitive sport.**

This year we were able to increase participation by adding three new festivals into the NOSSP calendar.

We also reached the **School Games Level 3 competition** with our U9s football team, U11 girls swimming team and with an individual runner in the U11 girls Cross Country.

Funding was allocated to continue the upkeep of the school minibus for travel to and from events.
