

Year Three Class Assembly

On Friday 25th May Year Three led the whole school collective worship with their class assembly on the theme of Water. The children explained aspects of their topic work on "Flow" and then examined the importance of water. In the main part of the assembly the children re-enacted 2 miracles which Jesus performed which were related to water. First was the miracle of the Wedding at Cana, where Jesus performed his first miracle at the request of his Mother Mary. Then they retold the miracle of the calming of the storm, where Jesus taught his disciples to trust him as he calmed the choppy waters. The assembly concluded with bidding prayers and a hymn entitled *Living Water*. The children all participated well and learnt their words with care. Well done, Year 3!
