

Super hero Visitors to KS1

On Monday 25th November Dr Sally Reckless came in to talk to year 1 and 2 about her local work as a real life superhero!

Sally talked to us about her role as an anaesthetist at our local hospital, The John Radcliffe and how she had grown up knowing that she wanted to help people. She told us she had studied hard for 8 years to do this role and that her daily super powers include listening and looking in order to check that her patients are kept safe.

Sally explained that she also considers her role as a Mum and a school Governor part of her super power collection and she helped us to think about how we can also find the Super Hero within ourselves.

On Wednesday 27th November, we also had a paramedic visited St Thomas More School as part of our topic Superheroes. Then on Thursday 28th even more superheroes arrived, the police!

All these super heroes have been helping us to find out the answer to our inquiry question- What does it take to be a superhero? Who are our local heroes?

It was an amazing visit and we learnt about the equipment they carry on their vehicles and the jobs they do to help keep people in the community safe and well.

We loved seeing the ambulance and learning about the equipment inside and what it is are used for. The police car was exciting with its flashing lights and we even got to go inside it!

We realise that we are surrounded by lots of people who have been called by God to do special jobs to help people in our world. Superheroes are just ordinary people who are extra-ordinary!

Paramedics and Police are so amazing!
