

CHATTERBOX CHALLENGE

How to turn your paper in to a Chatterbox:

Make sure you start with the design face down

Fold and unfold corner to corner first to give a middle point.

There are lots of YouTube clips available if you need some extra folding guidance!

How to play?

- Ask a partner (sibling or grown up) to choose one of the words displayed on the outside of the chatterbox, then spell out that word opening and closing the chatterbox as you say each letter.
- At the end of spelling this word, four of the inside numbers will be displayed. Ask your partner to choose one of the numbers, and count up to that number opening and closing the chatterbox again as you say each number.
- At the end of counting out the numbers, four of the inside numbers will be displayed again. Ask your partner to choose one of the numbers and then open up the chosen number flap.
- Read out the task under the flap to your partner for them to complete - then swap over and keep taking it in turns to play.

What Next?

If you've had a go at our School Games Chatterbox, how about creating your own? You could use different activities, or skills specific to a sport that you enjoy. Or how about creating one that contains fun facts or jokes? You could theme it around food, countries or animals. You can use our blank template, or just a blank piece of paper (if using blank paper, it's easier to make all the folds first and then create your design). We'd love to see some of your ideas if a grown up can tag us on social media!
